# EXCEL GUN CLEANER #43

## Description

Excel 43 - Gun Cleaner Aerosol supplies a strong aerosol spray stream that removes both solvent and waterborne paints from difficult to reach surfaces. No special equipment or dipping is needed. Excel 43 quickly dissolves paint and features a pinpoint spray tip. Removes paint from spray gun bodies, tips, and cups, as well as many other shop surfaces. Meets national VOC regulations.

Use suitable respiratory protection.  
Use of a fresh air supply respirator is recommended.

Shake **Excel 43** - Gun Cleaner thoroughly before use.

## Suitable surfaces

- This product may not be compatible with all surfaces and all conditions surrounding application. Before applying to any surface, always test product in a small, inconspicuous area to ensure no damage will result.

## Directions of Use

- I. Spray the spray gun thoroughly until empty after painting.
- II. Remove the paint cup and nozzle head.
- III. Within 2 hours of finalizing your paint work rinse the inner part of your spray gun as well as the nozzle head using the lancet on the spray head of the aerosol.
- IV. Drain the spray gun by spraying directly into the paint inlet or paint cup while pumping the gun trigger. Continue spraying until waste runs clear.
- V. Reassemble your spray gun and dry it with compressed air.
- VI. To remove paint from the outside of gun, hold can approximately 6 - 12 inches from the gun, and apply liberally. Partially cured paint should be allowed to soften for a few minutes before wiping off.

**Note:** Protect surrounding areas from overspray. Hold can in an upright position and point arrow on top of button away from you.
